VerifyIT 365
Secure Payments

surepay

VerifyIT 365 – the smart way to secure vendor payments in Business Central and avoid fraud.

VerifyIT 365 seamlessly connects Business Central with real-time IBAN and name verification to secure your payments. VerifyIT 365 is part of the idyn 365 apps for Business Central, alongside Direct Banking, ShipIT 365, nShift Returns, ConnectIT 365, ApproveIT 365, DINO 365 and OMA 365. With more than 10,000 users worldwide and over 400 Business Central partners

VerifyIT 365 seamlessly connects Business Central with SurePay, the leading real-time account verification services across Europe and beyond. This integration automatically checks whether a vendor's or customer's bank account (IBAN), VAT number, Register Number or company ID number actually belongs to the correct company or individual, helping you to prevent payment errors and fraud.

VerifyIT 365 helps to prevent payment errors and fraud

With VerifyIT 365, you gain more security over your payments. The app for Business Central prevents fraudulent or misdirected payments, reduces manual typing mistakes and strengthens your payment process by validating vendor and customer details directly within Business Central.

Only available as SaaS

VerifyIT 365 double checks payments

- Automatically verifies the vendor's IBAN, name, VAT number (only NL) and registration ID using SurePay.
- Displays the verification status clearly on the Vendor or Customer Card in Business Central.
